Company Introduction

uCan-Packaging is your one-stop aluminum packaging supplier. Our main assortment includes aluminum tins, bottles, capsule jars and squeeze tubes in a wide range of different shapes and sizes.

Since 2016, we have grown to become a leading aluminum packaging producer and supplier world-wide. With offices in the Netherlands, USA, Hong Kong, and Mainland China we serve thousands of satisfied clients around the globe.

At uCan-Packaging we work with a low MOQ. This makes our products and services attractive to both small and large companies alike. Our goal is to make premium aluminum packaging solutions available for everyone at an affordable price.

All our aluminum containers are crafted out of the highest quality materials. Our products are food-grade and can be used safely for storing any type of product such as cosmetics, foods, beverages, and even pharmaceuticals.

The aluminum used to produce our products is 100% recyclable after use. Aluminum is the only material that can be recycled indefinitely without losing its original quality. This makes aluminum tins and bottles one of the most sustainable and environmentally-friendly packaging solutions on the market!

Our assortment includes hundreds of aluminum tins and bottles in different shapes and sizes. Besides standard silver containers, we also offer numerous customization methods to help make your packaging stand out from the crowd.

SCREW TOP TINS

Our screw top aluminum tins are crafted out of the highest quality food-grade aluminum. With their seamless metal design, they offer an eye-catching packaging solution. Each tin comes equipped with an easy-to-use screw-on lid that has an EPE liner inside to guarantee prolonged product freshness. Ranging from 5 ml all the way up to 1000 ml, these tins are perfect for storing cosmetics, foods, and a whole lot more.

ALUMINUM BEVERAGE BOTTLES

All our aluminum bottles are food-grade and BPA-free. This means that, even our standard bottles as shown earlier in this catalog, can be used for beverages. If, however, you are looking for an aluminum bottle with a bit more unique and eye catching shape, then we have a range of custom shaped aluminum beverage bottles that you can choose from.

All our aluminum beverage bottles are made of the highest quality **food-grade materials and are BPA-free**. The bottles can be used for both still and carbonated drinks. They can furthermore be used for both non-alcoholic and alcoholic beverages.

To personalize the bottles, we offer a range of customization methods that allow you to print, emboss, or deboss the bottles. We furthermore offer the choice between different caps such as standard **screw caps**, **ROPP safety caps**, **child resistant caps**, **crown caps**, **corks**, and more.

ALUMINUM ALCOHOL BOTTLES

uCan-Packaging is proud to be the first manufacturer and supplier of a full line of aluminum alcohol bottles. Our aluminum alcohol bottle assortment includes liquor bottles, wine bottles and beer bottles in different shapes and sizes. All bottles are crafted out of thick and high-end aluminum plate for extra durability. The bottles are food-grade and BPA-free and can be used for both still and carbonated alcoholic beverages.
